

# Ultra Digest

## A Digestive Enzyme Supplement to Support Digestive Tract Function and Nutrient Absorption.\*

### Ultra Digest is:

- One of the most comprehensive enzyme supplements available today.\*
- A broad-spectrum multiple enzyme formulation that contains 7 digestive enzymes along with ox bile, pancreas substance and betaine hydrochloride.

### Digestive enzymes are beneficial for:

- Geriatric individuals (as we age, enzyme secretion decreases)\*
- Those with jaw or teeth problems (improper chewing of food decreases enzyme secretion)\*
- Those under stress\*
- Those who overuse antacids (overuse of antacids can decrease enzyme effectiveness and secretion)\*
- Those who eat a lot of fried, grilled or baked foods (foods prepared at high temperatures for long periods of time lose naturally occurring enzyme activity)\*
- People with deficient digestive enzymes (those who lack digestive enzymes are more prone to digestive problems)\*
- For use as a proteolytic enzyme supplement\*

**Ultra Digest** places special emphasis on proteolytic enzymes, so that it can be used not only for digestive support, but also to support comfort and provide building blocks for injured tissues.\*

Digestive enzymes are secreted along the G.I. tract and are essential to the breakdown of foods, enabling nutrients to be absorbed into the bloodstream for use within the body.

### Each enzyme in Ultra Digest works on a specific substance in the body.

- **Lipase enzymes** help digest and assimilate fats.\*
- **Protease enzymes** including bromelain, pepsin, trypsin and papain all digest proteins into smaller units (peptides and amino acids) for better absorption and utilization.\*
- **Ox Bile** aids in fat digestion by emulsifying fats in the small intestine for fat absorption.\*

- **Amylase enzymes** breakdown carbohydrates.\*
- **Cellulase enzymes** digest fiber.\*
- **Betaine Hydrochloride** provides a source of hydrochloric acid, which is not considered a digestive enzyme, but is necessary for the proper function of enzymes.

### Enteric coated

- Ox Bile and Pancreas Substance are enteric coated to ensure their release in the body at the proper digestive interval.

### Supplement Facts

#### Serving Size: 1 Tablet

#### Amount Per Serving

Calcium (as Ca Sulfate)	50 mg
Pepsin (3,000 FCC/mg)	50 mg
Bromelain (120 GDU/g)	50 mg
Ox Bile	30 mg
Pancrease Substance	200 mg
Papain (2,000 USP/mg)	50 mg
Pancreatin (8x)	50 mg
Yielding: Protease (200 USP/mg)	
Amylase (200 USP/mg)	
Lipase (16 USP/mg)	
Cellulase Enzymes (4,000 CU/g)	10 mg
Betaine Hydrochloride	100 mg

Other ingredients: microcrystalline cellulose, vegetable stearate, stearic acid, croscarmellose sodium, silica, pharmaceutical glaze.

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.

**Suggested Use:** As a dietary supplement, take one tablet with each meal, or as directed by your healthcare practitioner.
